Homepage

alimubarak1.netlify.app/en · /ar

What works today

- Hero photo loads · headline · tagline · two CTAs (Work with Ali, Read the book)
- Top nav: 5 tabs + EN ■ ■ toggle
- Footer: copyright + Kuwait · 2035 italic strip
- Bilingual: clicking ■ flips entire site to RTL

Gaps to decide on

■ Add a contact line to the footer

Currently footer = copyright + tagline only. Add: ali@alimubarak1.com · @alimubarak1 · phone? · location?

■ Add a social icon strip in the footer

Instagram, X, TikTok, YouTube, Snapchat — small icons, single row.

■ Add a "featured" strip below the hero

Currently homepage = just the hero, then footer. Could add: 4 ventures grid + book feature + latest podcast/TV.

■ Swap formal navy-suit portrait for English version

Currently both EN and AR show the warm Khaleeji portrait. The formal navy-suit one was sent in chat but never saved to /public.

■ Tagline rewrite?

Current: "I build companies, advise executives, and bridge government and private sector across Kuwait and the GCC." Want different words?

About — 9 sections

alimubarak1.netlify.app/en/about

Section 1 · Intro band

■ Photo on intro band

Now showing real photo (was AM placeholder until tonight's push).

■ Tagline under name

Current: "Twenty-five years of building companies, advising executives, and bridging government and private sector across Kuwait and the GCC."

Section 2 · The Story

■ "A mechanical engineer who became an operator." — 2 paragraphs

Locked. Mentions Schlumberger, KNPC, KPC, IPG, then today's 4 ventures + the book.

Section 3 · What I Do Today

■ Four venture cards (EVA, Koshari Bites, AMC, TNI)

Each card links to its detail page. Locked.

Section 4 · Public Service

■ 4 government committees + Kuwait Oil Tanker State Award

Text only. Want to add photos with ministers / committee certificates?

Section 5 · Career Journey

■ Timeline of past roles (ACK, IPG, KPC, KNPC, Schlumberger)

Locked. Want company logos beside each role?

Section 6 · Education

■ Maastricht MBA + Gannon BS

Locked. Want diploma scans / university crests?

Section 7 · Writing & Voice

■ Book card: "Get Married with the Government"

Lead-text fine. Want a photo of you holding the book?

■ Podcast card

Needs: Spotify URL · Apple Podcasts URL · YouTube channel URL · OR RSS feed.

■ TV: ■■■■ ■■■■■■ / Awal Al-Sater

Needs: years aired · YouTube/archive link · notable episode list.

■ YouTube: ■■■■■■ / Al-Korsy

Needs: YouTube channel URL · pinned/featured episode link.

Section 8 · Recognitions

■ 4 awards (UN Vessels, KOT State Award, ASME, ACK Entrepreneurship Center)

Want award certificate scans / photos?

Section 9 · Closing CTA

"Want to work together? → Work with Ali"

Locked. Anything to change?

SEO & Discoverability

■ Open Graph social-share images

When someone shares /book on WhatsApp/X, what image appears?

■ Favicon + site logo

Currently using default Next.js favicon. Want a custom one — initials AM in gold?

■ SEO meta descriptions per page

Each page should have a unique 150-char description for Google.

■ sitemap.xml + robots.txt

For Google indexing.

■ Google Analytics or Plausible

Track visits, where traffic comes from. Optional.

Security & Hygiene

■ Delete the GitHub PAT

ghp_2NuAj1vogc8CdNtEqIk44Rx7G38xN34XoYhS — created today for one-time push. Delete from GitHub settings → Tokens.

■ Set up local Git auth on Mac

So future pushes don't need a PAT.
